ENII

NAILS

EVERY DETAIL.

*YOUR SIGNATURE.*

# It all began *in autumn 2005.*

*Colour, shape and shine that speak for you. Welcome to the world of ENII NAILS, where professional care meets the joy of creating.*

Not in the office of a big company, but quite simply: with a vision, determination and a huge desire to build something. No investors and no certainty it would work. Just the belief that when you do things honestly and with your heart, they truly matter.

A small family project has grown into a brand that today exports to Italy, Switzerland, Scandinavia and other countries of the European Union. We test our products over the long term and manufacture some of them ourselves. The quality of our production and of the company is confirmed by ISO Management and ISO GMP certification.

After twenty years, a new chapter begins. The next generation is taking over: Silvie, who has grown up with ENII since childhood. The look and the voice are changing. What matters most stays the same: honest work, family values and the people who make the brand.

### Family brand

Fairness, trust and a personal approach since 2005.

### HEMA & TPO-free

HEMA- and TPO-free products for professional results at home and in the salon.

### ISO GMP

Certified quality of production and of the company.

### Education

Courses, training centres and salon support.

Colours in print and on screen may differ slightly from the actual shade.

01 — The ENII System

# A system *you can rely on.*

Perfect preparation and the right routine are the key to durability. Every step has its product and every product has its place.

# The gel polish system *step by step.*

Curing times vary by product; always follow the information on the pack.

## 01 Preparation

Remove old product, tend to the cuticle and degrease the nail with cleaner. Buff the nail matte with a very fine file and wipe away the dust.

*Cleaner, file, pusher*

## 02 Base

Apply a thin layer of base. Four fingers at once, then the thumb. Cure for 60 s in a UV/LED lamp.

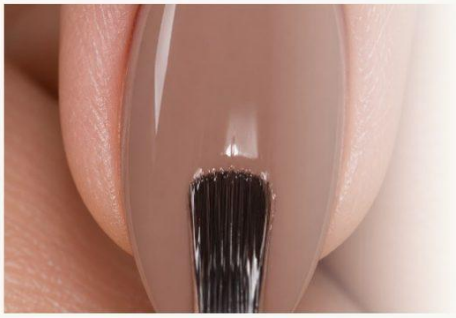

*Base Ceramic, Gummy, Rubber, Skinny*

## 03 Colour

Without wiping the inhibition layer, apply gel polish in two thin coats, curing each for 60 s.

*Gel Polish Ceramic, Profi, effects*

## 04 Top

Lock in gloss or matte with a top coat and seal the free edge of the nail.

*Dry Top, Dry Matt*

## 05 Care

Finish the manicure with cuticle oil. Nourishment you can see.

*Cuticle Oil, 5in1 Argan Oil*

02 — Bases & tops

# A foundation *that holds.*

A manicure's durability is decided at the very start. Bases that adhere, strengthen and level. Tops that define the final look.

# Base

From the light, milky Skinny through the flexible Gummy to the thick Rubber that levels and strengthens. Choose according to the condition of the nail and the effect you want.

### Hard Base

5 ml

Professional gel polish base with strong adhesion

### Hard Base Ceramic

# Gloss *or matte?*

The top coat decides how your colour will shine. No-wipe, soak-off tops for perfect gloss and velvety matte.

## Gloss

Mirror shine, depth of colour and a glass-smooth surface.

## Matte

A velvety surface with no shine, modern and soft to the touch.

## Effects

Egg texture, dots, geometry and glitter for a striking finish.

07 — Building materials

# Shape *that lasts.*

Builders, polygels and fibres for sculpting, strengthening and extensions. Precise self-levelling and uncompromising strength.

# Systems *step by step.*

Routines follow the manufacturer's instructions. Curing times vary by product and lamp; always follow the information on the pack.

System 01

## Builder gel

**01 Preparation**
Disinfect hands and nails, tend to the cuticle and buff the nail plate.

**02 Degreasing**
Thoroughly clean and degrease the nail with cleaner; do not touch the cleaned nail again.

**03 Base coat**
A thin layer of builder gel as a base coat, cured 30 s in a UV/LED lamp of 48 W or more.

**04 Building**
A bead of gel spread over the nail, thickest in the centre. Cure 90 s in a UV/LED lamp, 2–4 min in a UV lamp.

**05 Colour & top**
Colour gel, gel polish or just a top. Finish with cuticle oil.

*ENII Builder gel · Creamy · Nebula · Charm · Chromatic · No Hema · Nylon Fiber*

System 02

## Polygel

**01 Manicure**
Prepare the nails with a precise manicure, e.g. a Russian manicure.

**02 Nail Prep**
Dehydrate, degrease and disinfect the nail.

**03 Adhesion**
Hard Base Ceramic, cured in the lamp – the whole system stays HEMA-free.

**04 Sculpting**
Apply polygel with a spatula, shape it with a brush dipped in liquid and cure for at least 60 s in a UV/LED lamp.

**05 Colour & top**
Gel polish, colour gel, decoration or a natural look. Finish with a top coat and cure.

# Your first *step.*

Starter sets with everything you need to begin. Also ideal as a gift.

## ENII Builder Gel – complete set (with or without lamp)

I've got this, I'm a pro

A complete set for sculpting, extending and strengthening nails with ENII Builder Gel NO HEMA & NO TPO. Choose the version with or without a UV/LED lamp. Contains everything from nail prep to the final gloss.

## ENII Gel Polish – starter set (with or without lamp, two shades of your choice)

Let me try | I've got this, I'm a pro

Create a gel polish manicure easily at home. Choose 2 shades of ENII Ceramic gel polish and the version with or without a UV/LED lamp. The mini set contains everything for a beautiful, long-lasting manicure – from nail prep to the final gloss and cuticle care.

## ENII Nylon Fiber – complete set (with or without lamp)

I've got this, I'm a pro

A complete set for sculpting, extending, infilling and strengthening natural nails with the popular ENII Nylon Fiber builder gels. Choose the version with a 54 W UV/LED lamp or without a lamp.

## ENII One Step – complete set (with or without lamp, two shades of your choice)

I've got this, I'm a pro

A gel polish manicure made simple, with no unnecessary steps. ONE STEP RockLac 3in1 combines base, colour and gloss in one product, so you need no separate base or top. Choose 2 favourite shades and the version with or without a UV/LED lamp.

## ENII POLYGEL in a tube – complete set (with or without lamp)

I've got this, I'm a pro

A complete set for sculpting, extending and strengthening nails with Polygel Ceramic in a practical tube. Polygel combines the strength of acrylic with the flexibility of gel; it shapes easily, does not run and gives precise control while you work. Choose the version with or without a lamp.

## ENII POLYGEL in a jar – complete set (with or without lamp)

I've got this, I'm a pro

A complete set for sculpting, extending and strengthening nails with ENII POLYGEL PRO. Polygel combines the strength of acrylic with the flexibility of gel; it shapes easily, does not run and gives you plenty of time for precise sculpting. Choose the version with or without a lamp.

## ENII Rubber Base – complete set (with or without lamp)

I've got this, I'm a pro

A complete Rubber set for strengthening, levelling and protecting natural nails. Contains two Rubber Bases, a final gloss and basic manicure tools. Choose the version with or without a UV/LED lamp.

## ENII Travel & Gift Gel Polish Set – everything you need, even on holiday

The complete ENII Travel & Gift gel polish set with a mini UV/LED lamp for home manicures and travel. Everything you need for beautiful nails anytime, anywhere – safely, quickly and professionally.

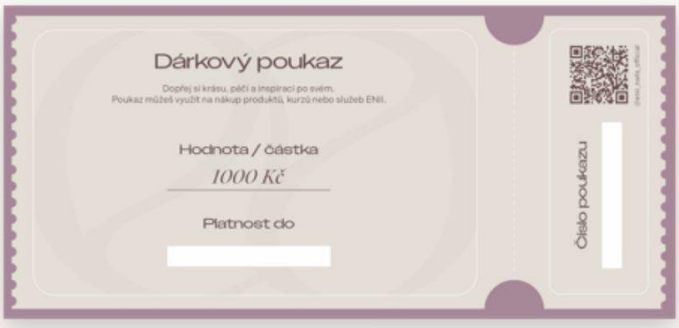

## Gel polish set without lamp + FREE pouch

The ideal set for home or professional gel polish manicures, for travel or as a gift.

## ENII pouch

The practical, elegant ENII pouch is ideal for storing cosmetics, gel polishes or nail tools. Its compact size and sturdy zip make it suitable for home and travel. The minimalist design in a soft shade with the ENII logo looks stylish and professional.

## Gift e-voucher

The electronic gift voucher can be redeemed on the e-shop: in the basket, enter the code from the voucher you receive by e-mail. The code can be used only once for its full value – the value cannot be split across several purchases.
